Examinee Consent & Acknowledgment

I understand that I am being given only a limited health evaluation that is designed solely to assess my current medical status in relation to the physical demands of the job that I currently perform or have been offered contingent upon passing this medical evaluation. I hereby consent to this medical examination or evaluation including any laboratory tests (as listed) that have been deemed necessary to identify medical conditions or physical limitations that could interfere with my safe performance of the job's essential duties. I also understand that the employer will advise me of the final medical qualification decision.
